Piecing

The panel is framed with eight borders. When adding the borders to the panel, sew the sides on first and then the top and bottom.

Press away from the panel when adding the borders.

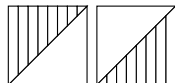

Sew on borders one through four. At this point, your quilt should measure 42 $\frac{1}{2}$ " x 60 $\frac{1}{2}$ ".

Half Square Triangle Blocks (6 $\frac{1}{2}$ " unfinished)

Draw a line from corner to corner on the wrong side of a 6 $\frac{7}{8}$ " pink flower square. With right sides together, pair with a 6 $\frac{7}{8}$ " cream stripe square. Please note the vertical direction of the stripes when piecing the blocks. Sew $\frac{1}{4}$ " from each side of the drawn line.

Cut apart on the line. Press seam to one side. Make (38).

Make 38

Sew (10) half square triangles blocks together for each side border. Please note orientation of the blocks.

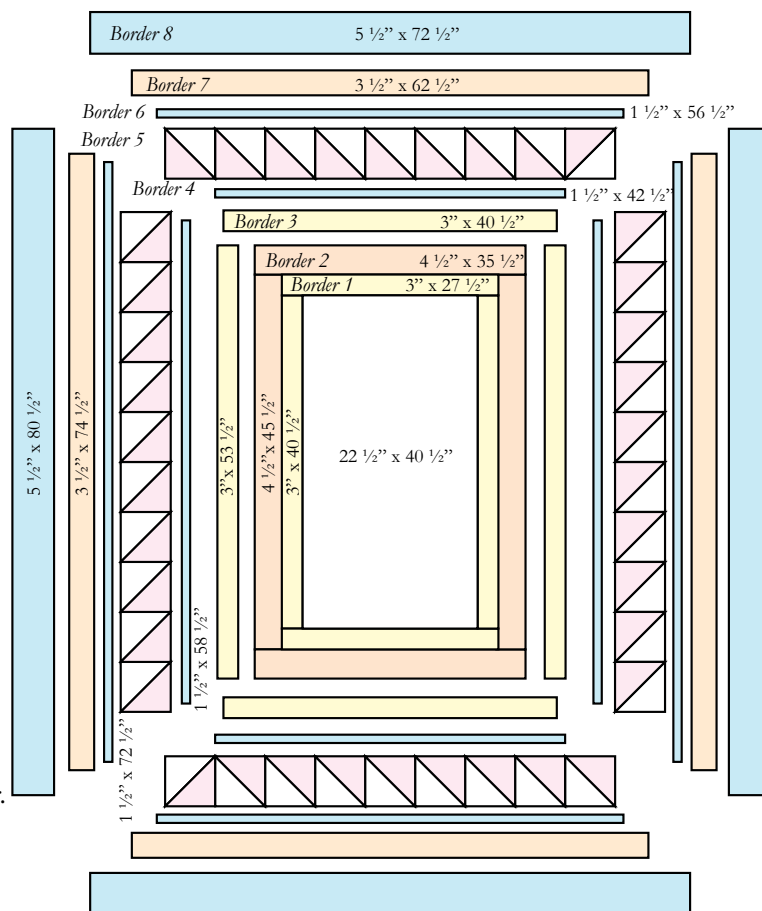

Sew (9) blocks together for the top and bottom border. Please note orientation of the corner blocks in the top and bottom border strips.

Now, add borders six through eight.

That's it! You are finished!

Basic Bed Skirt

Seams are $\frac{1}{2}$ "

Take your mattress off the bed. Measure the length and width of your box springs. Add 1 $\frac{1}{2}$ " to each to allow for the seams. Measure the "drop" of the bed so that you can determine how wide your fabric that drops from the box spring to the floor should be. Add two inches for the seam and hem allowance.

Your base will be the width and length of your box springs plus 1 $\frac{1}{2}$ ". A gathered skirt will need twice the amount of fabric as you measured for the length and width to accommodate for the fullness of the skirt. To make the fabric easier to handle, do not join the panels together until you have finished the gathers. When the gathers are done, you will join the panels at the seams.

Turn under $\frac{1}{2}$ " twice for the hem on the bottom of each "drop piece" before you do the gathers. Press the hems and machine stitch. To make gathers, work two rows of gathering (long) stitches at the top edge of each panel approximately $\frac{1}{2}$ " from the top. Pull the gathering threads to form the gathers and secure threads to avoid unravelling.

After you have formed all your gathers, join the panels together at the edges with a $\frac{1}{2}$ " seam allowance. The panels can now be joined to the base. Double stitch seam for added strength. Your bed skirt is now complete. Lay the skirt over the box springs and replace the mattress.

Pillow Case

For one pillow case cut:

1 panel 27" x 42" Main Body

1 panel 11" x 42" Contrasting Band

1 strip 3 $\frac{1}{2}$ " x 42" Trim Accent

Piecing

Seams are $\frac{1}{2}$ "

With wrong sides together, fold the contrasting band in half lengthwise and press. Repeat with the trim.

Baste the folded trim strip to the band $\frac{1}{8}$
