## Sewing Instructions

*All seams are sewn using 1/4" seam allowance with pieces held right sides together and raw edges even.*

1. Stitch 1 ½" x 5 ½" purple stripe pieces to the right and left sides of a 5 ½" printed cat square. Press the seams toward the stripe strips. Sew 1 ½" bright purple print squares to each short end of a 1 ½" x 5 ½" purple stripe piece. Press the seams toward the stripe piece. Repeat to make a second unit. Stitch these units to the top and bottom of the printed square and press these seams away from the center square. Repeat to make a total of (25) blocks.

2. Sewing lengthwise, join 2" blue paw print and bright purple print strips. Press the seam toward the bright purple strip to make a 3 ½" high strip set. Repeat to make a total of (12) strip sets. Cut each strip set into (5) 7 ½" wide segments to yield a total of (60) segments.

## Quilt Assembly

1. Referring to the quilt pictured on the cover, arrange (6) blue paw print and bright purple print strip set segments and (5) blocks into a row, alternating the two types of units and rotating the strip set segments as necessary to create the secondary design. Stitch the units together. Press the seams toward the strip set segments. Repeat to make a total of (5) block rows, noting the orientation of the strip set segments in each row.

2. Again referring to the quilt pictured on the cover, arrange (6) 3 ½" bright purple print squares and (5) blue paw print and bright purple print strip set segments, alternating the two types of units and rotating the strip set segments as necessary to create the secondary design. Stitch the units together. Press the seams toward the strip set segments. Repeat to make a total of (6) sashing rows.

3. Stitch the sashing and block rows together, alternating the two types of units and noting orientation of each row.

4. Trim the selvages from the 2 ½" purple stripe strips and sew the strips together end to end to make a long 2 ½" strip. From this long strip, cut (4) 53 ½" lengths. Stitch two of these lengths to the right and left sides of the quilt top. Sew a 2 ½" bright purple print square to each end of the remaining stripe pieces. Stitch these borders to the top and bottom of the quilt top.

5. Trim the selvages from the 6 ½" green cat print strips and sew the strips together end to end to make a long 6 ½" strip. From this long strip, cut (4) 57 ½" lengths. Stitch two of these lengths to the right and left sides of the quilt top. Sew a 6 ½" printed cat square to each end of the remaining green cat print strips, noting orientation of the motifs in the printed squares. Sew these borders to the top and bottom to complete the quilt top.

6. Layer the finished quilt top with batting and backing and quilt as desired.

7. Trim the batting and backing even with the quilt top and bind using the 2 ¼" bright purple print strips.
